# Customer Testimonials

"
Genesis is so *easy to use* and does not require much training. Amtelco provided excellent training to get us up and running and their project management is amazing.

**Chris Tucker, CEO**
**P.A.G.E.**
"

"
We love how Genesis is a truly *virtualized* system and will be *simple* to move. The *scalability* that Genesis offers is great as it's flexible and makes growth easier.

**Stephanie Hyde**
**A Better Answer – Plano, Texas**

"
There were a number of reasons we chose Genesis. We wanted to use SIP service for pricing and *disaster recovery* options. Genesis also allowed us to install it onto a server and have a separate server for backup, which is a great disaster recovery option.

**Dick Emberson, President**
**America's Call Center**

"
Genesis gives us a one stop platform for all of our needs. Genesis *reduces* programming time and *expedites* the go live for any new client. At the same time we are able to train our agents faster.

**Marius Carciumaru, IT Director**
